CAREER COUNSELLING CERTIFICATION COURSE

**LED BY
INTERNATIONAL MASTER TRAINER**

About ICCC Program

We are a group of Certified Career Counsellors started our journey with a great mission to help students to find their universal mission. We do this by creating a career route map, self-inventory and by providing regular and systematic training. Along the way we realized that the biggest problem that we are facing is the lack of qualified career counsellors.

So, through careful research, analysis and studies, our team have designed International Career Counselling certification module and our aim is to ensure that every school has minimum one qualified career counsellor.

**Be Informed,
Educated, and
Inspired!**

Why Should I Enroll?

To start practicing career counselling, you need to acquire the right knowledge , skill-set , confidence , and some amount of exposure or experience. ICC Career Counsellor Certification program provides candidates with hands-on experience and insight on career counselling skills.

More than 250 million students.
15 Lakhs Certified Career Counsellors needed.

82% students fails to identify the ideal career option.
91% students do not get any career counselling from their school.

To help these millions of students we need trained and qualified career counsellors. So every school should have at least one Career Counsellor.

Pathfinder Consultancy & Training

Pathfinder is the world's most advanced career guidance platform, run by a group of Certified Career Counsellors and educators. Pathfinder is an accredited and CCSP from NCDA USA & UCLA California. As a member of International Association for counselling-IAS, Pathfinder conduct various workshops and seminars to empower the students and teachers.

Upskill with a structured Training Program

To successfully practice career counselling in india, you need to strengthen your base. Those who have completed their B.A/M.A Psychology might find it easier to start working as a behavioral counsellor, but to become a Career Counsellor they will still require the right training and credibility. Non-teaching and non-psychology background individuals can also become career counsellors with the right training.
